

Contact Information and Medical Records

We will provide access to your medical records upon written request. Sleep patients who wish to continue under our care at Emory Sleep do not need to request records. For your convenience, we have attached a record release form. We require three working days to obtain records. The records can be sent via secure email, via fax, or printed. There is a fee associated with printed records. The last day to request a printed copy is 8/19/2024 (for pickup by August 22 or 23). We can be reached by phone at 404-499-0533, via the Pulmonary & Sleep Specialists portal, or via by email at INFO@PSSATL.COM until 5 PM on 8/23/2024. After this date, you can call and leave a voice mail message or send an email for non-clinical questions, billing issues, or regarding cpap units actively rented by us. After 8/23/2024, please send all written correspondence by mail to us at:

Pulmonary & Sleep Specialists, PC
